

Spring 2020 Equinox Despacho Ceremony

Since ancient times, people of the Andes have based their lives on the natural principles embodied in Despacho ceremonies. They recognized inherently the importance of expressing their gratitude both to the Creator and to the ultimate provider of the necessary components of all life—the Earth (soil), the Sun (energy), the Wind (air), and the Water—for they knew that without any one of them, all life would die. Likewise, they recognized the essential need for balance in life, the complete interdependence of the masculine and the feminine, and the undeniable interconnectedness between ourselves and all other inhabitants in our Universe. You are invited to participate in creating a Despacho or sacred prayer bundle to welcome Spring and give thanks for all the good things to come in this next season. Fire ceremony after the Despacho ceremony, weather permitting.
